To Whom It May Concern:

I would like to express my opinion on the Microsoft settlement:

- 1- There should never have been a need. If microsoft competetors can't handle the competition, then its time for them to get out of the business (just as anyone else in business would).
- 2- Since there seems to be a need for a settlement, I think microsoft has offered one that is more than adequate.
- 3- Get the government out of the way of progress.

Thanks for this opportunity.
